

Want to Help Us Thank A Firefighter?

Ninja Zone and Helping Ninjas are encouraging youth (and adults) to write cards and letters! Helping Ninjas will be collecting and delivering thank you notes to local firefighters and mailing them to firestations in Southern California in wake of the largest wildfire in the state of California history.

#Thank A Firefighter Initiative is an initiative to recognize a firefighter's all encompassing role of duty, community necessity, and the daily self-less acts of citizenship they give to our communities.

A initiative to bring awareness to the service, dedication and bravery firefighters portray across the globe, and to educate our youth the importance to to give thanks to firefighters and opportunities to do so.

Want to join our initiative on social media? Create a card to thank a firefighter, post it and tag:

#ThankAFireFighter
